

CONTENTS

Analysis of Cases of Neurosyphilis Onset with Cognitive Impairment and Psychiatric Symptoms / Zhang Junjie	1
Analysis of Serum Lipase Level Variations in Patients with Pancreatitis / Shen Yun	8
Application of Rapid Catheter Cutting Technology in the Management of Acute Intracranial Arterial Occlusion Combined with Intracranial Arterial Stenosis / Jiang Yuyan	13
Clinical Characteristics of Immunoglobulin M Deposition in Patients with Primary IgA Nephropathy / Feng Shaoqiang	20
Clinical Efficacy of Thalidomide in Anti-Tumor Mechanism and Treatment of Children with Myelodysplastic Syndrome / Ma Ming	26
Criteria for Admission to Palliative Care for Non-Cancer Patients / Chen Yuanfang	32
Cytogenetic Characteristics and Therapeutic Effects Analysis of Primary Amenorrhea Patients / Wu Jun	39
Expression of PCNA in the Vessels during the Formation of Carotid Atherosclerotic Plaques / Hao Lei	44
Progress in Transcatheter Treatment of Cardiac Valvular Diseases / Qin Yiming	50
Regulatory Effects of Simvastatin on Lipid and Lipoprotein Ratios in Elderly Patients with Coronary Heart Disease / Zhao Xuele	56
Research on Bruxism in Patients with Obstructive Sleep Apnea Syndrome / Wang Fuyu	62
Research Progress on Endoscopic Submucosal Dissection for the Treatment of Early Esophageal Cancer and Precancerous Lesions / Xue Xiaoxiao	67
Research Progress on the Relationship between Blood Pressure Levels in Stroke Patients and Post-Stroke Cognitive Impairment / Bai Junqing	73
